EDUCATION

Indian Institute of Information Technology Dharwad　　　　　　　　　　　　　Dharwad, Karnataka
Bachelor of Technology in Computer Science　　　　　　　　　　　　　　　*August 2019 – May 2023*

St Arnold H.S School, Vijay Nagar　　　　　　　　　　　　　　　　Indore, Madhya Pradesh
12th(PCM)　　　　　　　　　　　　　　　　　　　　　　　　　　　*August 2018 – May 2019*

EXPERIENCE

Full Stack Development Intern　　　　　　　　　　　　　　　August 2021 – October 2021
TheCloudSys　　　　　　　　　　　　　　　　　　　　　　　　　　　　　*Remote*

- Developed a Web Application using Flutter and Firebase
- Collaborated in a team enhanced Communication Skill as an addition.

Machine Learning Training　　　　　　　　　　　　　　　　　June 2021 – July 2021
DevIncept　　　　　　　　　　　　　　　　　　　　　　　　　　　　　*Remote*

- Attended a One-month intensive Machine Learning Training Program.
- Developed Cab-fare predictor using various machine learning models and tested accuracy

PROJECTS

Camprec | *React, CSS, Node .js, Electron .js, MongoDB*　　　　　　　January 2021 – April 2021

- Developed an online Portal for College campus drive and students' applications. Three different logins help students, colleges, and companies for easy go. It helps on-campus and off-campus process easy-going
- Collaborated in a group of 5 Software Engineers to build this online portal.

Decentralized Social Network | *React,CSS, Truffle, Solidity, Metamask, Ganache*　　February 2022 – April 2022

- Developed a Social Networking Platform in which any one can create feed without any governance
- The Feeds have a feature to be tipped by other user and they are ranked based on amount of tips received
- Collaborated in a group of 3 Software Engineers to build this Social Network.

Toxic Span Identification | *Python, Bi-LSTM, BERT*　　　　　　　　February 2022 – April 2022

- Trained a machine leaning model to identify toxic spans using different approaches
- Collaborated in a group of 3 Software Engineers to build this Toxic Span Identification Platform.

TECHNICAL SKILLS

Languages: Python, C/C++, SQL , JavaScript, HTML/CSS, Dart
Frameworks: React, Node.js, Flutter, WordPress, Express .js,Electron .js
Developer Tools: Git, Google Cloud Platform, Firebase, Postman, MongoDb, AWS, VS Code
